

FLIPPING

ERASMUS+ PROJECT "DEVELOPMENT OF RESPONSIVE LEARNING ENVIRONMENT BASED ON FLIPPING"

NEWSLETTER 2 - JANUARY, 2024

WHAT'S NEW?

Dear FLIPPING Community,

We're thrilled to share some major milestones in our project development:

WP 2 & 3 : TOOLKIT & TRAINING PROGRAMME READY

We've successfully finalized modules in WP2 for Entrepreneurship, IT and Programming, Environmental Sciences, Sales and Marketing and we're progressing swiftly on the development of modules of WP3 covering Awareness, Skills, Technologies, and Assessment. What's next? Testing phases for both toolkits! Your feedback is key, so keep an eye out for opportunities to get involved.

NEW PARTNER

symplexis

We're thrilled to welcome Symplexis, a Greek non-profit organization, to our project consortium. Committed to fostering equal opportunities, Symplexis focuses on skill-building, empowerment, and active participation for the most vulnerable populations. Their mission centers on enhancing social cohesion through integrated actions and projects, promoting the inclusion of disadvantaged groups at risk of marginalization and exclusion.

FLIPPING PROJECT

NEWSLETTER

IN OUR MONTHLY PARTNER MEETINGS

Each month, the consortium joins together to discuss our achievements, progress and to decide the next steps. These sessions are crucial for fostering collaboration and ensuring everyone is on the same page.

LOOKING AHEAD

Thank you for being an integral part of the FLIPPING journey. Your ongoing support and feedback drive the success of this initiative. Stay engaged, and let's continue flipping the script on education!
