

EMPOWERING YOUTH WITH DIGITAL AND GREEN SKILLS

The VET4Youth project is proud to introduce its newly developed Curriculum for the Twin Transition, designed to equip young people with the essential skills needed in today's rapidly evolving labour market.

As digitalisation & sustainability reshape economies worldwide, the VET4Youth Curriculum provides a structured and innovative learning pathway that combines digital, green, & transversal skills to enhance youth employability and resilience.

WHAT IS THE VET4YOUTH CURRICULUM?

The curriculum is a comprehensive training programme designed for:

- VET learners
- Young job seekers
- Early-stage professionals
- NEETs and disadvantaged youth

It aims to prepare learners for the "Twin Transition"; the integration of digital transformation and sustainability in modern economies

A MODERN LEARNING APPROACH

The programme follows a blended learning model, combining:

- Online self-paced learning
- Mentoring & small-group sessions
- Practical and project-based activities

This ensures both flexibility and real-world application of skills.

CURRICULUM STRUCTURE

The curriculum is built around 6 key modules:

Digital Skills

- Digital Foundations for the Twin Transition
- Applied Digital Skills for Employability
- Digital Tools for Work-Based Learning

Green Skills

- Sustainability Foundations
- Applied Green Skills in Vocational Contexts
- Green Skills for Employability & Active Citizenship
- These modules ensure that learners develop digital and green skills in parallel, not separately

WHAT SKILLS WILL LEARNERS GAIN?

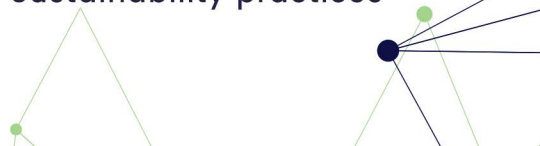

Digital Skills

- AI tools & digital technologies
- Data analysis & basic programming
- Cybersecurity awareness
- Digital collaboration

Green Skills

- Energy efficiency & resource management
- Environmental compliance
- Sustainability practices

Integrated “Twin Skills”

- Using technology for sustainability
- Solving real-world environmental challenges

Transversal Skills

- Critical thinking
- Communication
- Adaptability
- Teamwork

WHY THIS CURRICULUM MATTERS

The VET4Youth Curriculum directly addresses key challenges identified in the region:

- Skills mismatch in labour markets
- Limited integration of digital & green skills in VET
- Need for future-ready workforce
- It prepares youth for new job opportunities in digital and green sectors while promoting sustainable development and active citizenship

Looking Ahead

The next phase will focus on:

- Developing training materials
- Launching pilot training programs
- Expanding outreach to VET institutions and stakeholders

The VET4Youth Curriculum is more than a training program, it is a strategic step toward empowering youth and transforming the future of work.
